

FOL Facebook Posting Policy

FOL is an organization of parents, civic leaders, businesspersons, professionals, and other volunteers committed to providing support to the Lurie Center for Autism by raising funds to underwrite expansion projects for the clinic. Aware of the reality that children with developmental disorders including PDD/Autism cannot always be adequately serviced through healthcare or education dollars alone, FOL hopes to bridge the gap by raising private funds. In addition, FOL provides educational and outreach forums for parents and professionals.

Our FOL Facebook page is set up as an open group and posts are moderated and limited to those that fall within the following categories:

- Information about the clinic and staff and their community of affiliates or partners including MGH/MGH for Children, Spaulding Rehabilitation, Nancy Lurie Marks Family Foundation, The Autism Research Foundation, The Autism Consortium, Autism Treatment Network, and McLean Hospital
- Events or activities that provide funding to support clinic projects
- Published scientific or educational research and studies relating to the initiatives involving the clinic or their affiliates and partners
- Media stories about individuals or organizations that help patients and families who are served by the clinic, or inspirational human interest stories
- Links to articles about researchers or speakers that have been involved in conferences or lectures sponsored by the clinic

All postings should be relevant to the Lurie Center for Autism initiatives and events, and along with comments are reviewed and those that we view as commercial advertising, unsolicited self-promotion, SPAM, or solicitations, will be removed. Posted comments do not represent the opinions of FOL or the Lurie Center for Autism and the above mentioned affiliates and partners, and those we consider offensive or insensitive will be removed. When posting keep in mind this is an open group so please do not post information that you know to be confidential.

We strive to maintain a friendly atmosphere and appreciate your understanding of our policy. If you would like to control the feed you receive from FOL here is a link to guide you: https://www.facebook.com/help/?faq=218728138156311&ref_query=how+to+change+the+posts+you+re
